Application No. 10/700,314

### REMARKS

Applicants thank Examiner Mertz for her time and insights during an interview with Applicants' representative on June 21, 2005. During the interview, it was agreed that Applicants would cancel the pending claims and replace them with a new claim set, as set forth herein.

Claims 1-62 are requested to be cancelled. Applicants reserve the right to pursue the subject matter of the canceled claims in subsequent divisional applications. The cancellation of claims does not constitute acquiescence in the propriety of any rejection set forth by the Examiner.

Claims 63-74 are being added. Exemplary support for newly added claim 63 is found in the specification on page 10, line 25, through page 11, line 11 and page 22, line 32, through page 23, line 4. Exemplary support for newly added claim 64 is found in the specification on page 20, lines 27-31. Exemplary support for newly added claims 65 and 66 is found in the specification on page 16, lines 7-15. Exemplary support for newly added claim 67 is found in the specification on page 22, line 33, through page 23, line 4. Exemplary support for newly added claims 68 and 69 is found in the specification on page 17, lines 20-31. Exemplary support for newly added claims 70 and 71 is found in the specification on page 11, lines 1-11. Exemplary support for newly added claims 72-74 is found in the specification on page 17, lines 9-10.

A detailed listing of all claims that are, or were, in the application, irrespective of whether the claims remain under examination in the application, is presented, with an appropriate defined status identifier.

Upon entry of this Amendment, claims 63-74 will be pending in the application.
